

VariCap

Head impact protection helmet

Description

The CleanAIR® VariCap is a head impact protection helmet designed for seamless integration with CleanAIR light hoods and welding portfolio, including Verus, Omnira Combi, and Omnira. It combines smart design and high-quality construction to ensure a secure and comfortable fit, providing essential protection across various applications.

Application

The VariCap offers lightweight protection for workers' heads against minor bumps and scrapes, enhancing safety in environments where a full helmet is not necessary. It is comfortable, breathable, and often designed to look like a regular cap, making it suitable for various work settings.

TECHNICAL DATASHEET

VariCap

Head impact protection helmet

Technical specification

Product code	720030 [CleanAIR VariCap including headgear with paddings] 720031 [CleanAIR VariCap without headgear]
Construction Type	Ventilated shell
Materials	Shell: Polyamide [PA] Headgear: Polypropylene [PP] Textile Parts: Polyamide [PA]
Weight:	200 g
Head Circumference:	55 – 63 cm
Standard and certifications	EN 812:2012q, [EU] 2016/425
Storage conditions	– 10°C to + 55°C, humidity 20 - 95 % Rh
Operating conditions	–5°C to + 55°C, humidity 20 - 95 % Rh

Spare Parts and Accessories

720009	VariGEAR Standard without padding and sweatband
720014	Rear padding VariGEAR
720015	VariGEAR sweatband (pack of 2)
720016	Upper padding VariGEAR
720030	CleanAIR VariCap, including headgear with paddings
720031	CleanAIR VariCap, w/o headgear

Compatible Headtops

403001	Welding helmet CleanAIR Verus incl. ADF 5-8/9-14 and headgear
403100	Protective faceshield Omnira incl. headgear without air distribution
40320x	Welding helmet CleanAIR Omnira COMBI without air distribution
703001	Welding helmet CleanAIR Verus air incl. ADF S60+
703100	Protective faceshield Omnira air
70320x	Welding helmet CleanAIR Omnira air COMBI
7201xx	Short hood CA-1
7202xx	Long hood CA-2
7210xx	Long protective hood CA-10 chemically resistant
